## PUBLIC NOTICE

The United States Immigration and Customs Enforcement (ICE) as of yesterday detained the former Minister for Finance, Mr. Ken Ofori-Atta, regarding the status of his current stay in the United States. His US legal team is in contact with ICE and expects the matter to be resolved expeditiously.

Mr. Ofori-Atta has a pending petition for adjustment of status, which authorizes a person to stay in the US legally past the period of validity of their visa. Under US law, a change of status by this method is common.

The Public is therefore advised to note that Mr. Ken Ofori-Atta as a law-abiding person is fully cooperating with ICE to have this issue resolved.
