Performance rating of Members of Parliament in 83 constituencies polled in June 2026

Methodology and Approach

FACE-TO-FACE	
Sample Size	7484
Sample Deployment and sample frame	16 Regions + 83 Constituencies - EC 2024 Electoral Register
Sample Method	Probability random sampling with regional quota limits for each region and constituency.
Confidence Level	99%
Margin of Error	+/-1.5%. - Constituency results will have significant higher margin of error due to sample size - Results reflect performance in few electoral areas and not entire constituency. - There results should therefore be read as a guide only.
Ratings methodology	MPs performances were rated on the basis of combined results of Excellent, very good or good
Period of Interviews	4-12 June 2026
